

**FLAX  
WOODFLOUR  
HAND CLEANER**

**FLAX WOODFLOUR HAND CLEANER.**

**FLAX** is a heavy duty hand cleaner made from quality ingredients, specially formulated with woodflour to ensure a gentle but effective cleansing action.

**APPLICATIONS**

**FLAX** is especially effective in removing oil, grease, bitumen marks, fibre glass resins, stains and general dirt, without any harm to the skin.

**ECONOMICAL**

Due to the unusually high percentage of active ingredients (85%), a mere teaspoonful will be sufficient to ensure clean and healthy hands.

**SAFE**

**FLAX** is totally free from solvents, and due to its many natural ingredients ensures clean and healthy skin.

**DIRECTIONS FOR USE**

1. Work approximately one teaspoonful of dry **FLAX** into hands.
2. Once the dirt or soil has been taken into **FLAX**, add a little water to cause the soap to have its effect.
3. Finally rinse away under running water, and dry the hands thoroughly.

**DISPENSER**

A sturdy wall mounted dispenser is available in order to accommodate the 2 Litre cartridge, which delivers 600 dispensings of **FLAX** HAND CLEANER per cartridge.

**PHYSICAL DATA**

Active Ingredients	-	85%
pH (Concentrate)	-	9.8 to 10.3
